(37 CFR § 1.125(b)(1))

Pursuant to 37 CFR § 1.125(b)(1), I hereby state that the content of the substitute specification and the specification filed on September 26, 2001 are essentially the same. Applicants hereby submit this substitute specification in response to the Notice to File Corrected Application Papers mailed on January 15, 2002, which specifically requested a substitute specification in compliance with 37 CFR § 1.52. The correction of the margins have been made as requested, and additional clerical amendments are incorporated as listed in the attached Supplemental Preliminary Amendment and Response to Notice to File Corrected Application Papers. Claims as amended are now drawn to SEQ ID NOS:15-16. The title has been changed to indicate the clone corresponding to SEQ ID NOS:15-16. No new matter has been added.

This application has been accorded an Application Number and Filing Date. The application, however, is informal since it does not comply with the regulations for the reason(s) indicated below. Applicant is given **TWO MONTHS** from the date of this Notice within which to correct the informalities indicated below. Extensions of time may be obtained by filing a petition accompanied by the extension fee under the provisions of 37 CFR 1.136(a).

The required item(s) identified below must be timely submitted to avoid abandonment:

- This application does not contain, as a separate part of the disclosure on paper copy, a "Sequence Listing" as required by 37 C.F.R. 1.821(c). Applicant must provide an initial paper or compact disc copy of the "Sequence Listing", as well as an amendment directing its entry into the application and a statement that the content of the sequence listing information recorded in computer readable form is identical to the written (on paper or compact disc) sequence listing and, where applicable, includes no new matter, as required by 37 CFR 1.821(e), 1.821(f), 1.821(g), 1.825(b), or 1.825(d). If the effective filing date is on or after September 8, 2000, see the final rulemaking notice published in the Federal Register at 65 FR 54604 (September 8, 2000) and 1238 OG 145 (September 19, 2000).
